To use the forms, you need to:

- Download the PDF file to your computer and open it from your computer, using Adobe Reader (save the file in a location on your computer that you can remember); and
- Make sure you use Adobe Reader (version 10 or higher) to open the form - do not open the file directly from your internet browser.

Still having trouble?

- The forms work best with Internet Explorer, try again using this browser.
- It is a good idea to clear your browser cache. Your browser may still use previous versions of the files if you don't clear your cache.
